

NewsNotes February 2011

NewsNotes – In case you haven't heard after 20 years in the same office, we've moved into a newly built office space in the Williamson Law Book building, in Victor NY. The new space includes a conference and training room which we will use for improved training sessions. Please note our full address and new fax number listed below. Our office phone number remains the same.

Service Education, Inc.
790 Canning Parkway, Suite 1
Victor, NY 14564
Phone (585) 264-9240
Fax (585) 924-2379

User Group Meetings - There are some meetings scheduled for 2011. We will be posting the meetings on the website as they get scheduled so please check often for updates.

New Letters to Download – There have been new changes made to the Order of Protection Letters that pertain to the new strangulation laws. Both the family and non-family order of protections are now formatted to fit eight and a half by eleven sheet of paper. There are also blank forms of each available.

- Order_of_Protection_Fam.LTR
- Order_of_Protection_Fam_Blank.LTR
- Order_of_Protection_NonFam.LTR
- Order_of_Protection_NonFam_Blank.LTR

What's new in the CourtRoom Program? –

- Updated the 'Clerks Database' to include the latest information we have received from the State Clerks Association 'NYSAMCC'.
- Added a 'Mass Bail Transfer' option to transfer all outstanding bail money from one Judge to another. This utility adds two checkbook records to each case with outstanding bail. The first record transfers the bail out of the old Judge's account. The second record deposits the bail in the new Judge's account.
- A new edition of the Law Dictionary was provided by the State, Coded Law file dated 11/10/2010
- Several changes to support the audit trail features to be included in the new 'Audit Reports Package' to be released later this year.

Closing – We hope everyone is finding these NewsNotes helpful in some way. Please feel free to contact us with suggestions of topics you would like to see represented here. We look forward to seeing you all at the upcoming user group meetings.
