What's new in the CourtRoom Program? - The last month has seen numerous changes to the program. As of this NewsNotes, the current version of the program is 1.10.09C. Some of the changes fix glitches and some of them are new features.

Updated the validation tests for DMV and CDR reporting on Ignition Interlock Device sentences.

It is now possible to enter blank times in any time entry field. [Ctrl]+[U] or [Ctrl]+[Y] will blank the field.

Several changes to the logic on the DMV Data screen to support the newest requirements for Ignition Interlock Device (IID) orders:

Allow an IID order without a sentence of probation.

Allow an IID order without an order to suspend or revoke the drivers license.

The CDR IID time is based on DMV_XFER fields.

Validation tests have been added based on violation and sentence dates. The IID is mandatory for offenses on or after 11/18/2009 where the sentence is imposed on or after 8/15/2010.

DMV-Call failed due to changes DMV made to their 'VPASS' web-site in the last day or two. The changes required several internal changes to the way DMV-Call accesses the site.

Added ability to reverse the colors on the 'Case Information' screens. The display changes from 'White on Black' to 'Black on White'. This option can be set for each user.

Use: UTILITY -> USER DEFAULTS
check 'Reverse Colors'

At the request of DMV, added Class/Catagory/Degree info to non-standard laws on tickets that were not imported as XML tickets. This should reduce some error report entries.

Increased the timeout period for downloading updates. This should reduce the errors caused while updating on very slow internet connections.

Problems and or corrections that have been addressed:

Corrected a problem identifying Jr speed violators and School Zone Speed violations.

Corrected a problem on the AC-1030 report where the final payment on a case with multiple payments not in whole dollars could be reported as 'PARTIAL'.

Fixed a problem with the CDR edit screen saving changes when 'SAVE CHANGES' was not selected.

Updated the 'Print Preview' screen to help eliminate the blank grey screen reported by several courts.

Closing - We hope you are enjoying these NewsNotes. They're meant to keep you informed on what's happening at SEi and with The CourtRoom Program. If you have any topics you'd like addressed, or suggestions for future NewsNotes, please email marty@nycourts.us.

Hope you all have a wonderful and healthy fall! Terry will be attending the Magistrate's Association Annual Conference in Callicoon on the 27th of September. We will also be at the Court Clerks Annual Conference in Albany, so be sure to look for us there.
